

# MEET ENGEN

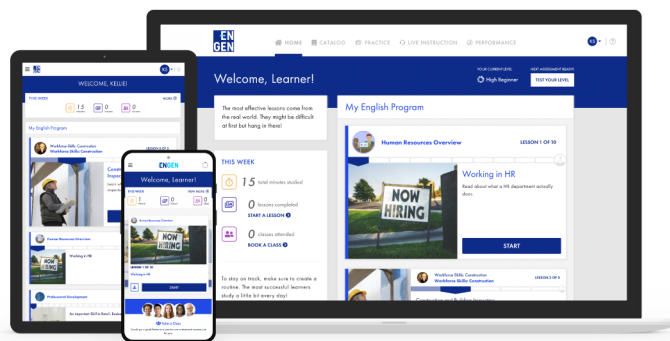

EnGen is a personalized, career-aligned, mobile-first English learning platform that connects immigrants, refugees, and speakers of other languages with English skills and career pathways in high-demand sectors.

## ENGEN SOLUTION

**Real-time:** Learning is online, mobile & accessible anywhere.

**Real world:** Content uses real workplace examples.

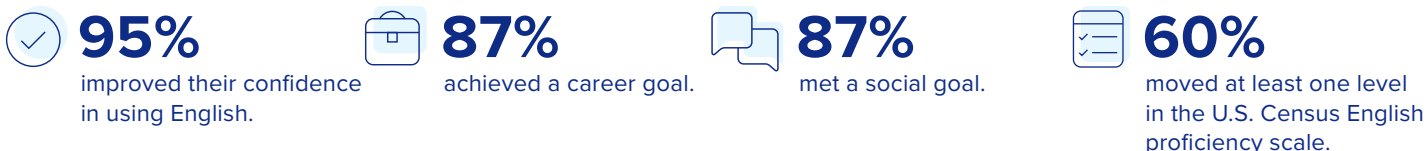

**For real people:** EnGen responds to learners' pace, progress & personal interests.

EnGen offers 125-plus pathways that equip learners with both language and career skills to access opportunities in high-demand fields.

## ENGEN IMPACT

EnGen is built with technology that has served **over 4 million language learners** worldwide.

“EnGen has truly changed my life. I don’t need a translator to communicate with my coworkers and friends anymore. Because of my English training, Taziki’s offered me a new position.”

— Dayanna Vásquez, Manager, Taziki’s Mediterranean Café

“Since 2019, we’ve offered EnGen to hundreds of adult English learners across Michigan. We know that English proficiency is fundamental to powering workforce inclusion and see great promise in using EnGen to scale access to English proficiency across Michigan.”

— Karen Phillippi, Director, New Americans Office of Global Michigan

“EnGen has demonstrated that MaineHealth is an organization that invests and supports our care team members’ educational journeys throughout their careers.”

— Jennifer O’Leary, Director, Maine Health Center for Workforce Development

## ENGEN PARTNERS

Fortune 500 companies, local employers, workforce boards, community colleges, and local governments have successfully partnered with EnGen to offer this highly customizable, easily deployable platform to adult English learners — both on-site and at-home.
